

Hajee Mohammad Danesh Science & Technology University

Project Name: HSTUinfo

Course Code: CSE 252

Course Title: Application Development (Sessional)

Submitted by:

Mohadeb Kumar ID: 1702047

Level-2 Semester-II

Abstract

The project “HSTUinfo” is developed in JAVA language. Which mainly focuses on the knowing about HSTU’s information such as Teacher details, Faculties details and other information of HSTU. Using this application, any user can get every information about HSTU institute.

Keyword: Faculties, Insertion. Hajee Mohammad Danesh Science & Technology University (HSTU), Information (info).

Introduction of the project:

To know information about our university easily we need an organized way. So, we are going to introduced a project “HSTUinfo” which is developed in JAVA language. This project mainly focuses on the information of Hajee Mohammad Danesh Science & Technology University (HSTU) for example: Teacher details, Faculties details and other information of HSTU. Using this application, any user can get every information about HSTU institute.

Objectives of the project:

- It provides “better and efficient service.
- Reduce time to get information of HSTU institute.
- Faster way to get information about Teacher, Faculties and other information of HSTU.
- It also provides useful option such as Back, Exit and Scrolling to make efficient.

Inspirations of the Project:

- Student Information System and
- Informative type project inspired me to make this project.

Description of the project:

- This project holds all information about HSTU.
- First “Home page” are divided into 6 main categories.
- Every category contains valuable information of HSTU.
- Six categories are:

- i) About Hajee Mohammad Danesh.
 - ii) HSTU at a Glance
 - iii) Faculties information.
 - iv) Building information
 - v) Admission details.
 - vi) Bus Schedule.
- This section also divided into subcategories.
 - This, every section will provide valuable details.
 - This project also holds Teacher's information.
 - On this teacher's information some function can be performed such add, search, delete etc.

Advantages:

- This software is mainly constructed depending on HSTU information,
- So, every user will be more benefited using this.
- User easily find information.
- Easily get Teacher information such as Name, Phone No, Email as well as Room No.
- They also get update information & other activities over this software.

Technical Description:

The major facilities and functionalities of this project are:

1. **About Hajee Mohammad Danesh:** This section will provide sort message about Honorable Hajee Mohammad Danesh.
2. **HSTU At a Glance:** In this section, the summary of HSTU will be displayed.
3. **Faculties Information:** Here, we will get all information about Faculties as well as Department.
4. **Building Information:** In this section, all building's related data will be displayed.
5. **Admission Details:** we can get admission details here.
6. **Bus schedule:** We will also able to get Bus schedule from here.

Technical Tools Used:

Hardware Requirement for User:

- Processor: Pentium 3.0 or higher
- RAM: 1024 MB/ 1GB
- Hard Drive: 1 GB or more.

Software we have used:

- Operating System: Windows 10.
- Data Base: MySQL connector.
- Language: Java
- Framework: Java frame work.

Technology Used:

- JDK (Java Development Kit)
- JDBC (Java Database Connectivity)

Development Tools:

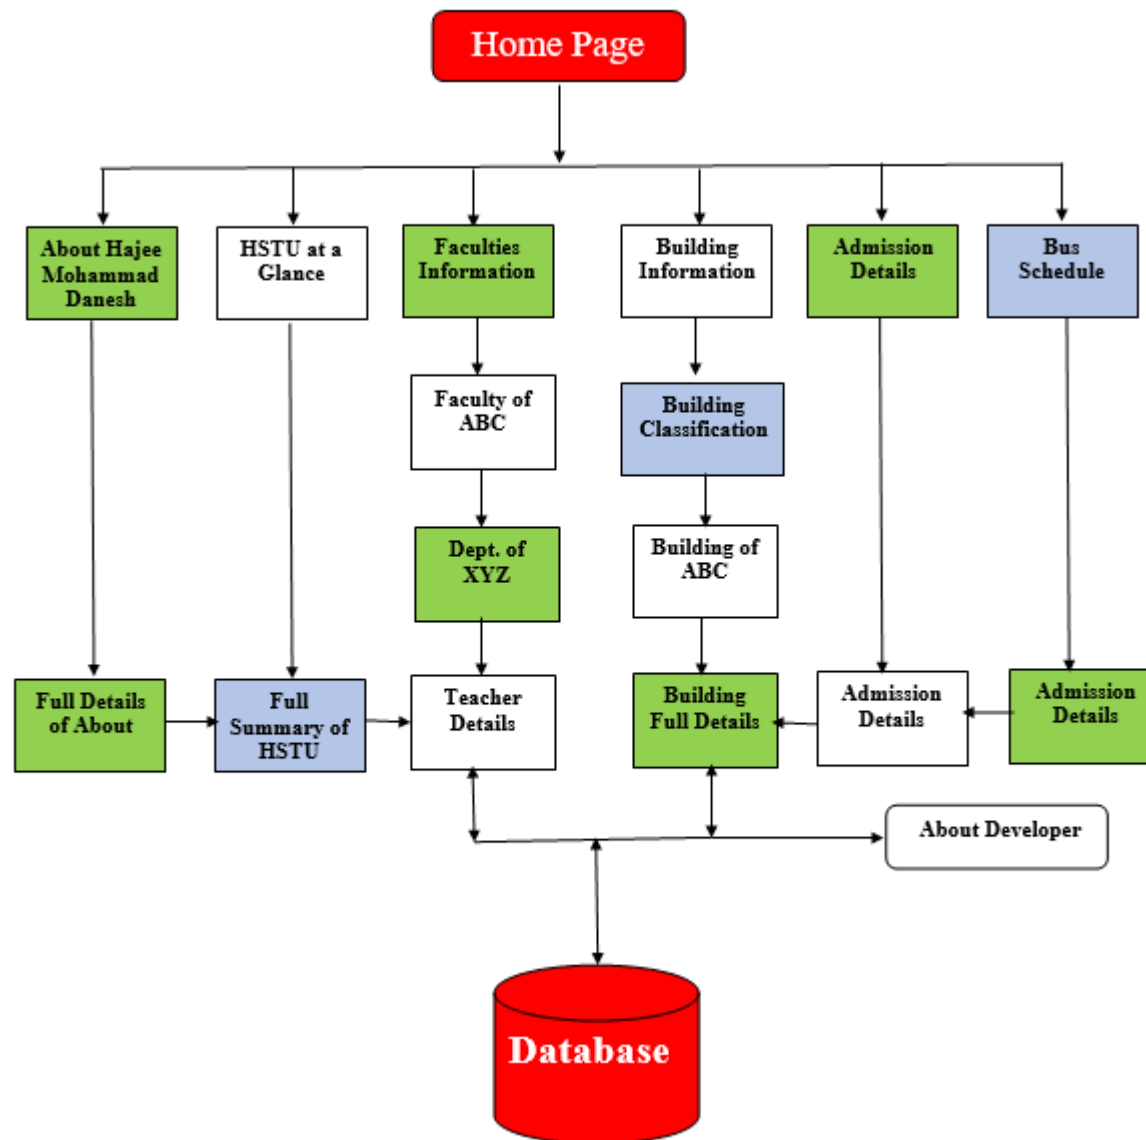

- NetBeans IDE.

Data Storage:

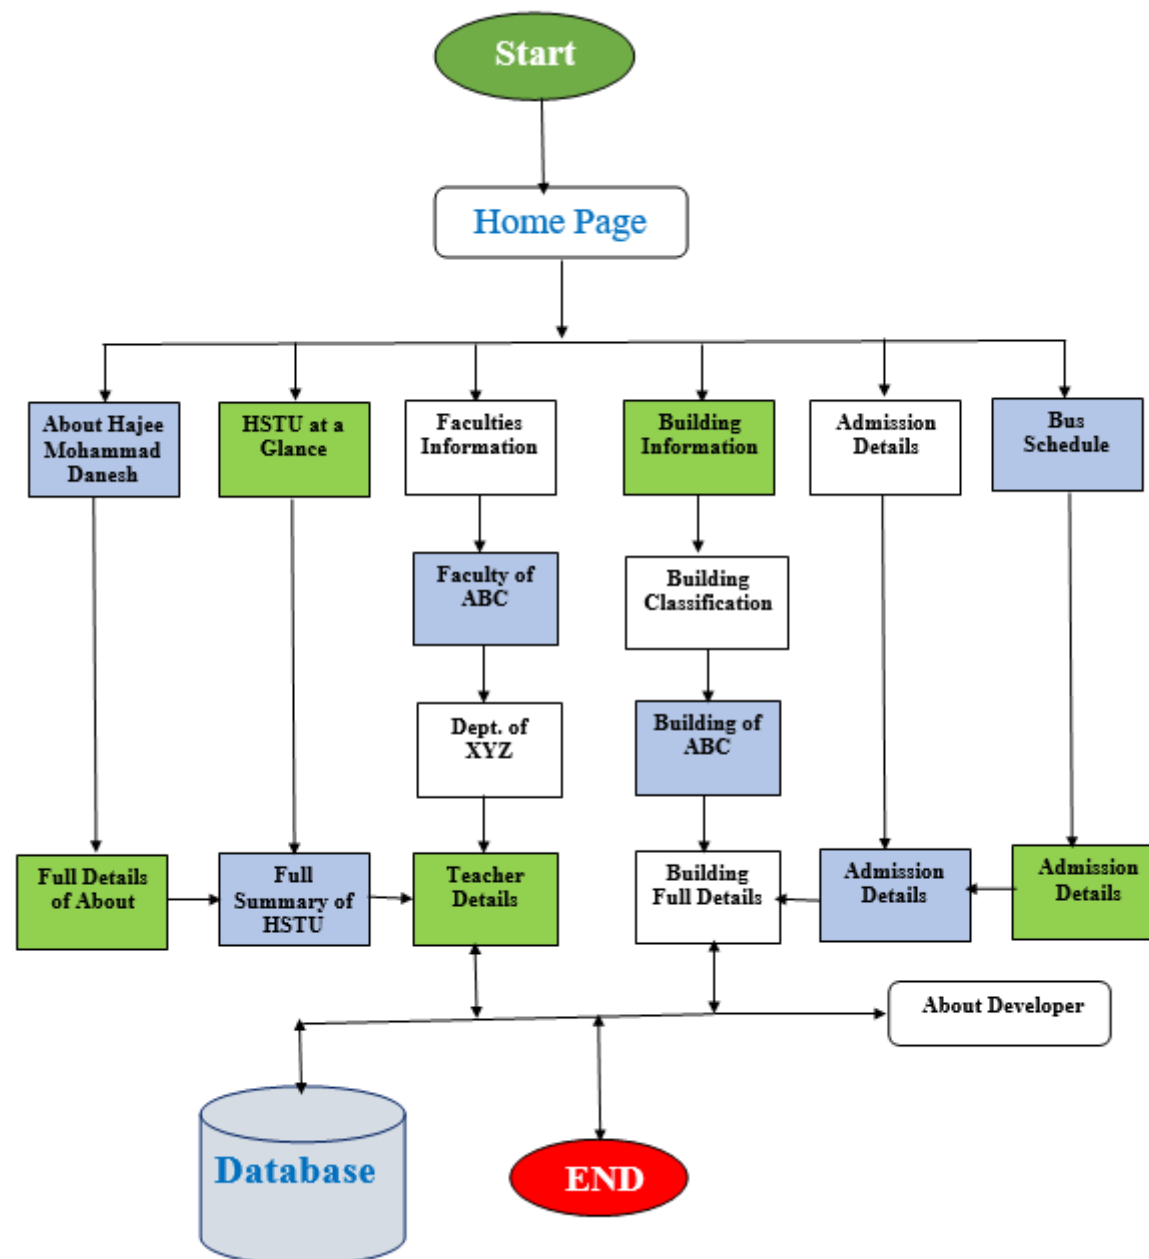

- All data are stored in database.
- Table is given per datatype below:

	Field name	Data type
1	Name	varchar
2	Designation	Varchar
3	Email	Varchar
4	Phone No	int
5	Rome No	Int
6	Dept	Varchar
7	Faculty	Varchar

Project's Internal Structure:

Flowchart of the entire project execution steps:

Algorithm of the entire project execution

steps:

1. Start
2. Show “Home page”.
3. Show Home page Options:
 - i) About Hajee Mohammad Danesh.
 - ii) HSTU at a Glance
 - iii) Faculties information.
 - iv) Building information
 - v) Admission details.
 - vi) Bus Schedule.
4. If Option 1: show the details about Hajee Mohammad Danesh.
5. Else if Option 2: show details of HSTU at a glance.
6. Else if Option 2: show page of Faculties information
7. Else if Option 2: show page of Building information
8. Else if Option 2: show details of Admission Details.
9. Else if Option 2: show details of Bus Schedule
10. Else (Exit program).
11. Use back option to go back.
12. End

Full Description & Output of the Project:

contains six

About Hajee Mohammad Danesh:

After pressing “About Hajee Mohammad Danesh” button, this page will appear. This page contains sort message about Honorable “Hajee Mohammad Danesh”.

About Hajee Mohammad Danesh

[← Back](#)

Hajee Mohammad Danesh (1900-1986)

Hajee Mohammad Danesh (1900-1986) was a peasant leader and politician. He was born in Sultanpur in Dinajpur District. He obtained his M.A. in History from Aligarh Muslim University in 1931 and B.L. degree in 1932. In the 1930s, Danesh became active in the communist organisations of Bengal, especially the Bengal provincial organisation of the Communist Party of India. He was arrested twice in 1938 by the government of Bengal for his participation in the Tebhaga movement, an agitation in northern Bengal against zamindars landlords for landless peasants and sharecroppers who sought a greater share of the yield, most of which was surrendered to the zamindars. Danesh was one of the few Muslim communist leaders of the struggle, and worked to mobilise the Muslim peasantry in favour of the movement. In 1945, he joined the All India Muslim League, but was later expelled for his participation in the continuing Tebagha movement, and re-arrested by the Bengal government in 1946. After the partition of India and Bengal in 1947, Danesh remained in his home district of Dinajpur, which fell in Muslim-majority East Bengal, which became part of the newly created Muslim state of Pakistan. He died in Dhaka on 28 June 1986.

HSTU at a Glance

Back

Hajee Mohammad Danesh

Science & Tecnology University (HSTU), Dinajpur

Foundation Stone Set Up: 11 September 1999

Founded By: Honourable Prime Minister Sheikh Hasina

First batch of the students were admitted at that time (1999-2000 session).

button then this type
page will come to
.. .

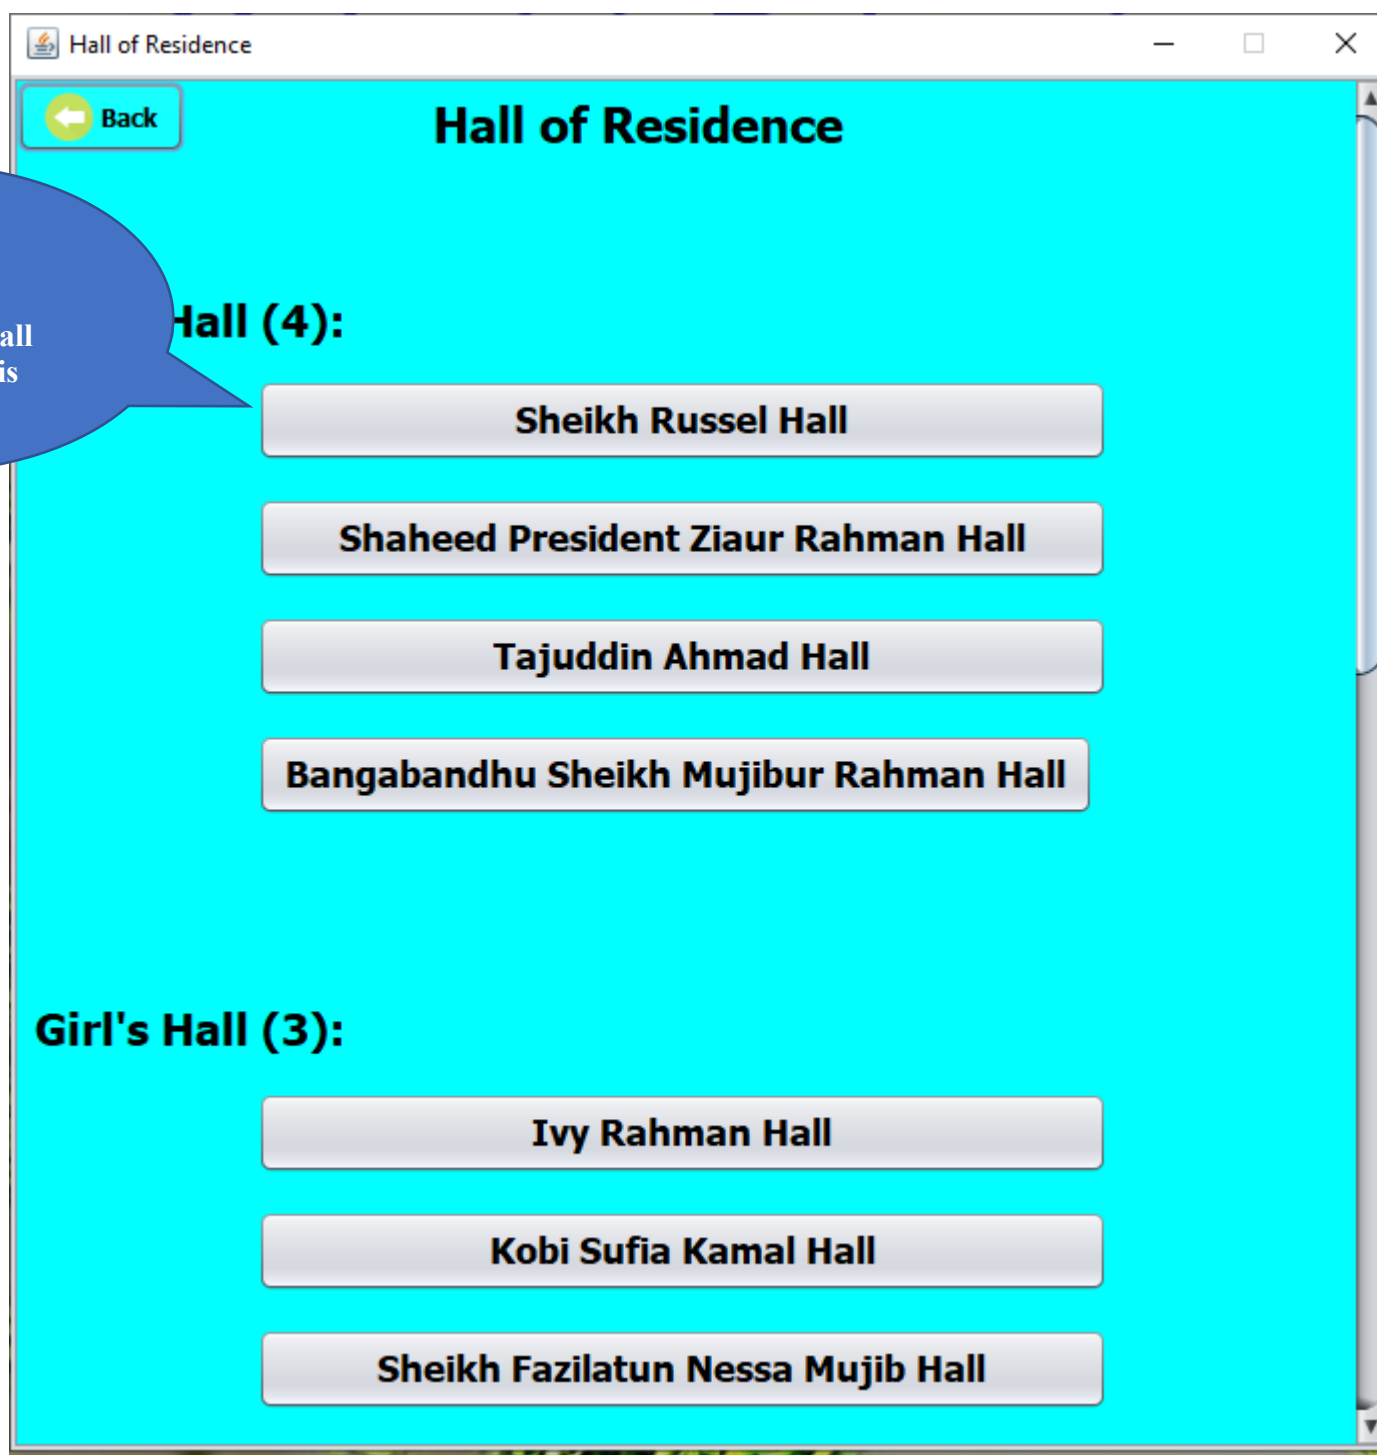

Faculty of Fisheries:

After pressing "Back" button from "Dept of page" we will back here.

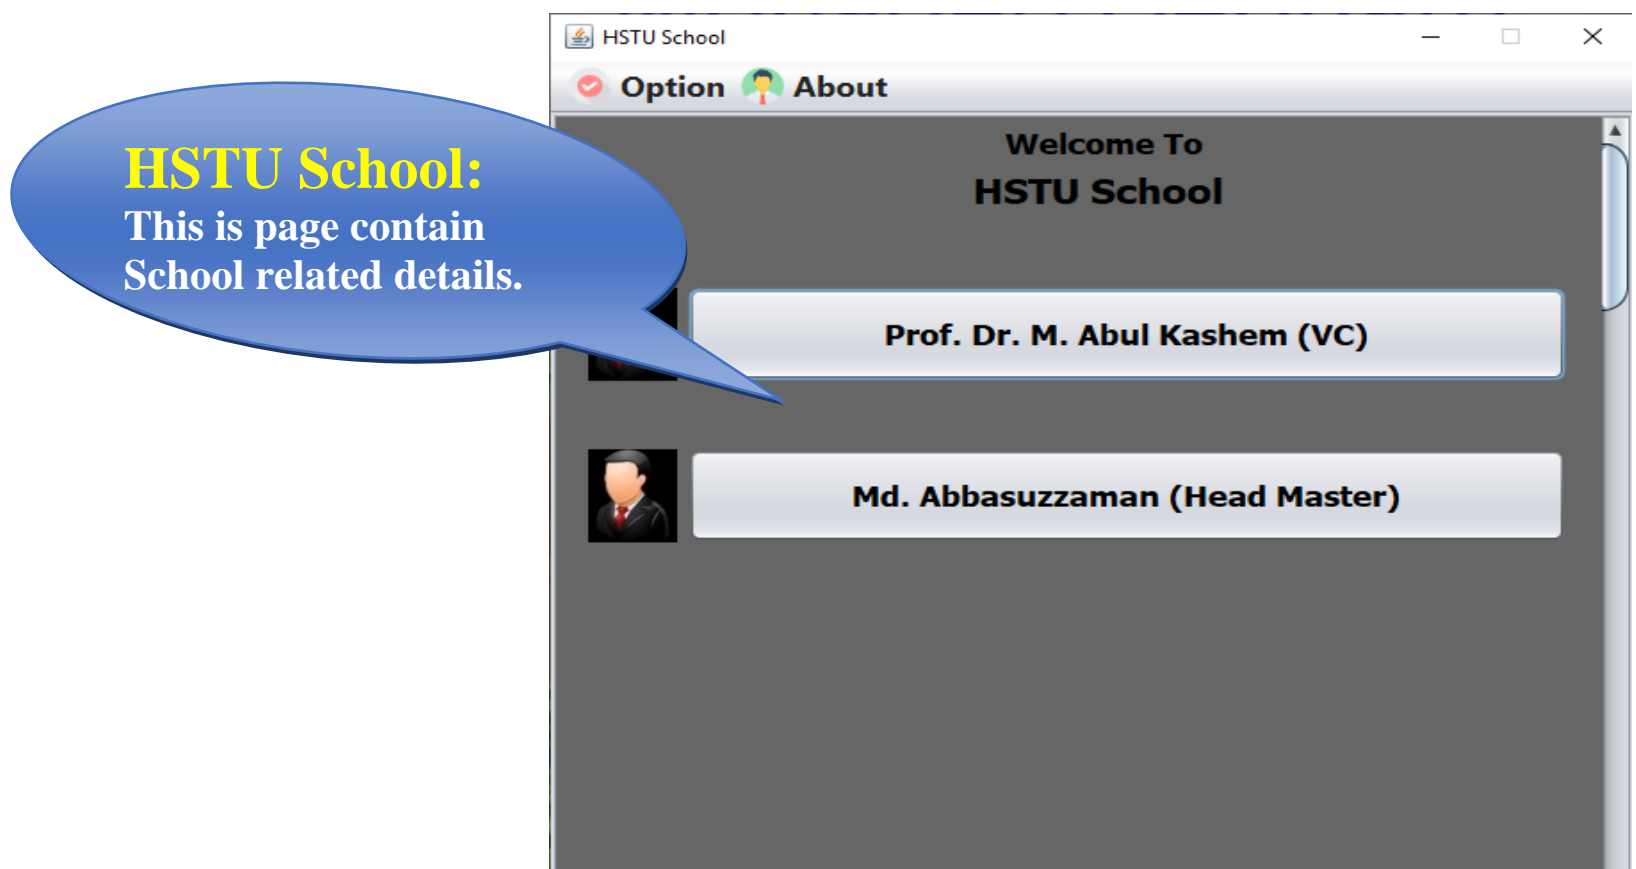

**Hall of
Residence:**

After pressing “Hall
details” button this
page will appear.

After pressing "Sheikh Russel Hall" button, we can enter into this page. This page contains a list of Hall supers.

Limitations of the Project:

- All information is not covered.
- Android version (APK) is available right now.

Summary of the Project:

- It was a wonderful and learning experience for us while working on this project.
- This software is very easy to user.
- So, we hope that our software will be very popular and get sponsored to develop in future.

Dedicated to our honorable Teacher:

Md Fazle Rabbi

Chairman

Dept. of CSE

HSTU, Dinajpur

Thank You
